THE BUSINESS IN LEISURE

Are looking to recruit an experienced

## SERVICE MANAGER.

Based from our West London (Greenford) depot, this hands-on role will entail the management of a field based team of service engineers, a team of van drivers/installers and the depot based workshop engineers.

This highly challenging role requires a strong minded candidate with the ability to use the available resources to manage all of the above to an efficient and professional standard.

Key Skills required will include, but are by no means limited to:-

- Good geographical knowledge of West London and surrounding areas.
- Competent engineering and mechanical skills
- Proven ability to manage teams, including schedule / rota planning

This position will involve leading by example, becoming involved as part of the team and being prepared to be flexible in order to achieve results. This is NOT a purely office based position.

If you feel you can be of value to our organisation, and have a desire to succeed in this pro-active and challenging role then please contact:-

Claire McGrath on 0208 566 6322 or

Email CV to [claire.mcgrath@sceptreleisure.co.uk](mailto:claire.mcgrath@sceptreleisure.co.uk)
